

SOCIAL & CORPORATE
EDITION

HISTORY

The historic and beautiful mansion dates back as early as 1848 and has been expanded, restored, and cherished throughout the years. The Georgian Revival-style home was purchased by the American Association of University Women (AAUW) in 1949 and remains under its ownership to this day, continuing to welcoming guests for private events and weddings. To honor AAUW, a portion of the proceeds from every event is donated to support their mission.

Complete with twenty-five rooms, ten baths, and seven fireplaces, we aim to maintain the charm and elegance of this historic landmark. We hope you enjoy it as much as we do!
